A-lign™ Security Compliance

Payment Card Industry Data Security Standards

Certificate of Compliance

This is to certify that A-lign Security and Compliance Services has validated orderTalk, Inc.'s compliance with the Payment Card Industry Data Security Standards ("PCI DSS") version 2.0. On-site testing was performed in accordance with the guidance provided by the Payment Card Industry Security Standards Council ("PCI SSC") to determine that payment card data stored, processed or transmitted by orderTalk, Inc. was secured in accordance with the requirements of PCI DSS.

September 5, 2014		September 5, 2014
Compliance Date	Qualified Security Assessor	Date

Conditions of Use:

- This certificate is evidence of work performed by A-lign Security and Compliance Services for the certificate holder and was not created by or required by the PCI SSC.
- This certificate is valid for one year from the Compliance Date.
- This certificate was issued at a point in time and does not guarantee or represent future compliance with the PCI DSS or the security of payment card data.
- This certificate does not warrant or guarantee to any party that the certificate holder is not susceptible to a data breach that may impact the security, confidentiality and integrity of the payment card data. As such, A-lign Security and Compliance Services will not be liable to any party in the event of a breach.
